

Suresh Gyan Vihar University
Program Project Report: Three Year under Graduate Degree Course in Bachelor of
Commerce (B.Com)

Category: Both

a. Open and Distance Learning (ODL)

b. Online Learning

1. (a). Program's Mission and objectives:

The program's mission is to impart, train and transform a student completely for high calibre competence through latest concepts and technology and equip the students as per the demands of the industry.

The programme aims to achieve the following objectives

- i. To provide an opportunity to get a B.Com degree to those who find it difficult or even impossible to pursue regular B.Com course at a University either due to their job commitments or certain other circumstances.
- ii. To help the learners, study at their own pace, from their own chosen place.
- iii. To provide adequate basic understanding about business and commerce among the students.
- iv. To develop skills in matters related to commerce and management.
- v. To create an additional avenue of self-employment and also to benefit various institutions by providing them with suitable qualified persons.
- vi. To develop Information Technology skills in the students, which now a days is essential in business, arts and commerce.

(b). Relevance of the program with HEI's mission and Goals:

Suresh Gyan Vihar University (SGVU) was established in 2008 with a vision "To create an Institution with a different perspective : Innovative research-driven academic programmes; engaging & retaining outstanding faculty; providing world- class, yet affordable, education in various areas of study, and thus to develop highly qualified and globally competitive

professional experts capable of understanding the challenges of rapidly changing world and contributing to the evolution of society based on human values and peaceful co-existence." This is highly relevant to the HEI's mission and goals as it aims to provide quality education to those aspiring candidates who are deprived of higher education due to the limited number of intake in the conventional mode of education in the Universities.

Moreover, to keep the quality intact the curriculum and syllabus has been designed at par with the conventional mode keeping in mind the specific needs and acceptability of the learners in the distance mode along with Online mode and in keeping with the aims and objectives of the University.

(c). **Nature of prospective target group of learners:** The curriculum of B.Com is designed in such a way that it helps the students to become not only more employable but also encourage them to become entrepreneurs. Primarily the target group of learners will be :

- those deprived of admission in the regular mode due to limited intake capacity.
- those employed in various organizations who desire to pursue higher education as a passion or as a means for movement up the promotional ladder.
- drop outs primarily due to social , financial and economic compulsions as well as demographic reasons.
- population of any age and those living in remote areas where higher education institutes are not easily accessible.

(d). **Appropriateness of the program to be conducted in the Open and distance learning mode along with Online mode for acquiring specific skills and competence-**

The degree would be of most value to students for employment as a professional in industry, finance or the civil service, but it is also valued by employers for other occupations

where a demonstrated ability for logical and quantitative reasoning is desired (e.g. economics, Indian constitution or political science).

(e). Instructional Delivery Mechanism:

- i. Curriculum Design:** The curriculum is designed by a committee comprising experts from the parent department of the SGVU and Industry experts, keeping in view the needs of the diverse groups of learners. The same is developed as per the four quadrant approach of UGC.
