Science Programme	
No. of Learners enrolled in programmes in conventional mode	60;
Proposed Intake in ODL Programmes	180;

Sr No :- 5

Name of Programme :- Arts/Humanities/Social Sciences - B.A. (HONS) - Economics

Year	2020-21
Whether Compliance to following provision for the proposed programme under Both mode is ensured same as for conventional programme	
Entry Level Qualifications	Yes
Curriculum	Yes
Teaching-Learning Scheme	Yes
Pattern of Question Papers For End Semester Examination or Term End Examination	Yes
Pass or Fail Criteria	Yes
Whether proposed programme are being offered by the constituent colleges or Departments or Centre for Distance and Online Education	Yes
Whether Choice Based Credit System (CBCS) is being followed for conventional mode	Yes
Whether Choice Based Credit System (CBCS) will be followed for Both(ODL & OL)	Yes
Whether total Programme fee includes all components as per UGC Norms	Yes
Proposed Annual Fee (in Rs)	60500
Whether 75% attendance in Personal Contact Programme will be mandatory for the proposed programme under ODL mode. If Yes, specify in hours	Yes || 28
Whether 75% attendance in all the activities of the Online programme prior to end semester examination or term-end examination	Yes || 28
Whether any component of the Programme is offered as MOOCs	Yes
If yes, how much per cent. of the total course is being offered in a semester through the Online Learning courses/Massive open Online Courses	60

Sr No :- 6

Name of Programme :- Journalism/ Mass Communication/Media - BACHELOR OF JOURNALISM - Journalism

Year	2020-21
Whether Compliance to following provision for the proposed programme under Both mode is ensured same as for conventional programme

Learning Management System (LMS)

Counselling Process

Mode of Counselling :- Online

Brief describe the provision in LMS to be used by HEI :-

A dedicated team of trained counsellors are deputed for online counselling the students. The students would be provided complete information through call, email and chat facility provided on the website. We would also conduct online webinars with prospective students and provide complete information for the programs enabling students to enroll.

Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :- https://ecampus.sgvu.edu.in/users/login

Assessment mechanism	☐ Assessment Scheme for Continuous Evaluation and Term End Exams can be created in LMS system. ☐ The assessments are based on the learning outcomes for every course / subject. ☐ The rubrics board for every course based on learning outcomes provided in the LMS provides clear understanding for the students based on which the students have been evaluated. ☐ Formative Assessments (Continuous Evaluation): 25% Weightage : • There are 3 Assignments as part of continuous evaluation. • One Objective Type Assignment, One Subjective Type Assignment and One Discussion Forum • Passing 40% average for each subject: 10 out of 25 Marks • For each assignment / internal assessment; the student needs to verify himself/herself through aadhar card authentication as part of learner authentication. • The student enters the OTP in system then proceeds for assignment submission. ☐ We have the following assessments as part of continuous evaluation. ☐ Assignment 1: Objective Type: 10% Weightage (10 Marks) • The Question Bank of around 250 questions are uploaded in system with answer keys. • The system allocates randomized 50 questions for the said assignment. • Duration 1 Hour- 50 Questions – Passing Criteria 40% • The system evaluates the assignments based on answer keys which were uploaded during creation of question bank. • The scores of objective type of assignment is displayed immediately after assignment submission. ☐ Assignment 2: Subjective Assignment: 10% Weightage (10 Marks) • The Question paper is set by the faculties and updated in the LMS. • A Plagiarism Tool is embedded in LMS wherein a check is maintained to ensure that the students do not submit plagiarised response for the said assignment. • Before submitting the said assignment the student would need to go through the plagiarism check, in case the response sheet has more than 10% of plagiarized content the student would have to re-submit the assignment. • The said subjective assignments are allotted to evaluators for evaluating the said assignments through the system. • The evaluators updates the scores in the LMS for respective students. ☐ Graded Discussion Forums: 5% weightage (5 Marks) • The students would be provided with discussion forum topics for every subject as published in LMS. • The students need to participate in the said discussion forums and submit their response. • The Faculty validates the response and only then publish the same on the forum enabling other learners to view the respective response and learn in the said process. • Total 5 Marks the faculty allocates the scores based on the quality of response submitted on knowledge parameter. ☐ Summative – Term End Examinations: 75% Weightage (75 Marks) • The Online Exam Form Slot Booking Facility is provided for every student. • The exams are scheduled for 10 days with 5 slots per day. • Each exam is of 90 minutes duration. • The University declared the exam dates which are scheduled during 10 days in the exam month. • The student has the flexibility to select the date, subject, time and city for exam submission. • After submission of exam form the student gets an auto-generated email with the slot booking confirmation. • The term end exams is a mix of objective type and subjective type of questions. • There would be 54 questions in objective type of questions and 3 subjective type of questions – Total 75 Marks • The question bank (250 per subject) for objective type of questions for every subject is uploaded in the system for randomization. While the question paper for subjective question as set by the faculty is updated in the system. • Online Remote Proctored Examinations are conducted for every student. • Online Proctor verifies real time online, check and authenticates the student and then allows him to enter the exam zone. • One Online Proctor can monitor upto 50 students during the online exam process. • Unique Password for every exam is sent to registered students on their email id. • Only after Online Proctor authentication and punching the security code the student can start with online exams. • Security Features during exams like AI Facial Recognition, Navigation Control, Image Capturing during exams, live online monitoring during exams. • Image Capturing during exams and live streaming during exams for monitoring the online exams. • Dashboard for examinations with reports and student images for every exam • After the online exams the system evaluates the objective type of questions while the subjective response sheet are allotted to the online evaluators for evaluation. • The evaluator enters the scores for subjective assessments in the system. • The scores can be downloaded from the system by the controller of examination.
Identified technological interface and interoperability	With different technological instruments such as plagiarism, questions banks, etc., the LMS has the versatility of integration and interoperability. It is integrated with the Aadhar Verification tool that is used in real time while logging in, taking assessments & Assignments, etc. The interfaces are very intuitive and user-friendly, and when sharing data, LMS meets usability requirements for interoperability. The LMS is able to share content, questions, evaluations and results through APIs among different platforms, real time if required. LMS is compatible with all the popular and latest versions of Web Browsers like Chrome (recommended), Firefox & Internet explorer.
Learner's Authentication Requirements	• During the registration process, the students need to validate themselves based on Online Aadhar authentication process, wherein they receive an OTP which students need to enter during registration process. • The student also submits complete documents right from 10th Std., 12th Std, Degree Mark Sheets, Govt. Photo Id, name change document (govt. gazette if required for name change) • During the continuous evaluation as well the students are required to validate themselves through Aadhar Authentication process in LMS, before they submit the assignments. • For Examinations the Security Features like AI Facial Recognition, Navigation Control, Image Capturing during exams, live online monitoring during exams. Image Capturing during exams and live streaming during exams for monitoring the online exams. • The security features are implemented to maintain the credibility and transparency to student and university at all levels. The IP based tracking helps us to identify the student / user who has logged in along with related aspects.

Learner Registration - through a web application	Learner Registration: • The student has to verify himself / herself through Aadhar Card Validation Process. • After verification through the Aadhar Card OTP number, student proceed for registration process through the My Account created for the student. • Student enters information for all relevant fields necessary for registration process in web application form. • Student upload all the necessary documents as per mandatory requirement which includes aadhar card/govt id photo proof along with passport size photo etc. • After uploading the documents in student account the student proceeds for making the online fees payment. • The student downloads the pre-filled application form based on inputs entered by the student. • The student signs the admission form and the same to university for processing the application. • The students are registered provisionally in initial stage as the university team checks and verifies the documents submitted for admission purpose. • The student receives the LMS login id and password on his/her registered mail id within 7 days after document verification process is completed and the student is enrolled.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	☐ The active engagement of learners in Online mode would be through participation in discussion forums, assignment activity and the synchronous live interactive online sessions conducted through the LMS. ☐ The Analytics provided in form of reports and dashboard provides the faculties the details for student engagement. The student attendance is marked in system for every activity and we can download log reports from LMS. ☐ The instructions for accessing the course along with Academic Calendar is provided in LMS for easy understanding. ☐ The calendar for Live Sessions and Discussion Forum is published well in advance enabling the students to attend. ☐ Regular Alerts and Notifications (SMS, Email and Call): For Live Online Interactive Sessions, Discussion Forums, Practice Exercise, Assignment Submissions and Term End Assessments. ☐ Student has the facility to connect with the Mentor in case of any queries. ☐ Student has the facility to connect with our Faculties in case of any academic queries.
Payment Gateway –using Digital Payment system	☐ The instructions for accessing the course along with Academic Calendar is provided in LMS for easy understanding. ☐ The calendar for Live Sessions and Discussion Forum is published well in advance enabling the students to attend. ☐ Regular Alerts and Notifications (SMS, Email and Call): For Live Online Interactive Sessions, Discussion Forums, Practice Exercise, Assignment Submissions and Term End Assessments. ☐ Student has the facility to connect with the Mentor in case of any queries. ☐ Student has the facility to connect with our Faculties in case of any academic queries. Using Digital Payment system ☐ We have integrated the online payment gateway on university website. The students can make payments through Debit card, Credit card for making the online payment apart from NEFT payments. ☐ We are using Atom Payment Gateway for Online Payments
Tracking the delivery of a Course or programme	Apart from the complete asynchronous course ware for our online programs which is already available for the students through the LMS, the delivery of course for online programs is in line with the norms provided by UGC. The Synchronous Online Sessions and the Discussion Forums; both have been mapped to our delivery calendar available in the LMS. The calendar for delivery of course for both components (Live Synchronous Online Session and Discussion Forum) is accessible by students enabling them to attend the same. The faculties have been trained to deliver the course through online mode in each component : Live Synchronous Online Session and Discussion Forum. The reports through the LMS system provides complete information for number of sessions conducted and pending sessions. It also provides report on each session, date / time, attendance of the learners and their log reports.

| Technical Know-how or Skills Requirements | Our Technical Team for Development of e-Content/e- Modules, delivery of online programs and Admissions including Examinations; conducted in house training and they provided hands on practice to the staff members involved in delivering the online programs. The LMS system have various users like System Admin, Program Co-ordinator, Course Co-ordinator, Course Mentors, Examiners apart from Students. The process and the skills required are as follows: a. Production of E-Content / Digitization of the content in multiple formats: ☐ Skills necessary for conversion of base content from word file to PDF, HTML5, Scorm Files using various tools like adobe illustrator, articulate rise, storyline etc. In case of videos, skills necessary for editing the raw video, audio /video editing facilities adding multi media components using tools like aftereffect, camptasia, adobe flash etc. b. Creation of Online Course : Skills : Basic Understanding required for creating the online course in LMS system with final version of approved content at unit / chapter level within a course/subject. For this process our technical team has guided our staff members to create online courses using various formats of e-learning content as per the four quadrant approach of UGC. • Within the LMS, the program co-ordinator creates the course structure as per the approved program structure by the university. • Each Semester have buckets of subjects as per program structure. • From the Course Master, the Re-usable Learning Objects (Online Course / subject with courseware) as created by the respective Course Co-ordinator for the subject is cloned to the program structure of respective program. c. Admission Process: Skills Required : Basic Internet Skills are required for this activity. Learner Authentication through Aadhar enabled feature during the online registration process. The students registers online through the web application and submits the documents online through the web application. The university staff has been trained along with hands on practice to check the documents submitted by the learner for admission purpose. After eligibility confirmation the students are provided with login credentials for accessing the Online Program through the LMS. d. Delivery of Online Programs: The LMS has the provision to deliver Synchronous Live Online Sessions and Discussion Forums. Skills : Basic Understanding acquired through Practice on our LMS. ☐ Synchronous Live Online Sessions: The Faculty / Course Co-ordinator prepares a lesson plan in form of PPT for a specific module / chapter for which they intend to deliver online during the Live Online Synchronous sessions through the LMS system. • The topic / chapter for which the Online sessions need to be conducted; the faculty is trained for scheduling a live class on particular date and time as per approved live online class calendar by university authorities. • The lesson plan is uploaded in LMS for that specific Live Online Synchronous Class Session and selects the students registered for the said course. • An automated alert mail invitation goes to registered students of that course. • The students can attend the live synchronous online session as per the calendar published for the said classes. • The calendar can be published well in advance enabling all the students to be prepared for their forthcoming online classes. ☐ Discussion Forum : The Faculty / Mentor prepares a Topic List enabling students to discuss on given topic. Skills : Basic Understanding acquired through Practice on our LMS. • The Faculty/Mentor is ready to review the response online within the said period within which the discussion forum is scheduled. • Only moderated response from students is approved and published in discussion forum by the faculty enabling other students to view and revert in the discussion process. Thus helps the learner to learn in collaborative way. e. Examiner : Skills : Basic Understanding acquired through Practice on our LMS. The staff members handling the examiner process, have been trained to ; • Create Assessment Scheme • Upload question banks in form of MCQ format, subjective questionnaire • Create LMS system based continuous assessments. • Evaluation of Subjective Assignments • Result Publishing in Grade Book of our LMS • For Examinations refer the complete process as explained in point above in Assessment Mechanism |

Learning Platform

Learning Platform :- Non- SWAYAM

Provide details for sample module/unit :- ecampus

URL :- https://ecampus.sgvu.edu.in/users/login

Student details Login ID :- MBA_Student_Sgvu

Student details Password :- password

Teacher Login Details- Login ID :- MBA_faculty_Sgvu

Teacher Login Details- Password :- password

Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses :-

Ready ICT facilities as mentioned below: • Website for Online Programs which is integrated with all web application, payment gateway, LMS system, chat facility for prospective students all mail and call services are ready with trained resources. • Online Registration Application : The platform is ready which can handle the complete process right from Online Registration with Learner – Online Aadhar Authentication process, web application for applying for online programs, submitting / uploading all required documents, make online payments through payment gateway and apply for the required online program. • All necessary softwares required for creation of e-content/digitization of content is ready. • Studio with equipments for recording videos necessary for developing Tutorials / Conduct Live Synchronous Sessions • Learning Management System which can deliver Online Programs (based on UGC guidelines as per four quadrant approach) which has provisions for delivering Online Synchronous Live Sessions, Conduct Discussion forums, Messaging System, Learner Authentication, Assessments, Provision of Reports and Analytics. • Ticketing System for Student Support • ERP system to manage the complete student life cycle f. We use AWS cloud based servers

Examination Centre

Srno	It is certified that all the activities.	Name of Centre	Address of Centre / City/ Pin Code/ State	Briefly write on the methods and steps to be adopted for conduct of examination to ensure security, transparency & credibility of examination	Whether Examination centre fulfills all the requirement mentioned in Annexure II	A) Proposed Examination Centre for term end examinatino for ODL programme for Upcoming Academic Years		
1	Yes	Suresh Gyan Vihar University	Mahal, Jagatpura-Jaipur-302017-Rajasthan	For Distance Education Programs : The end term examinations are conducted in the University Campus at Jaipur. The student has to visit the University Campus to attend the exam. Each student is permitted in the exam hall after checking the ID card and Hall Ticket. Student is allotted a specific Desktop to appear in the exam. The examination engine has Security Features like AI Facial Recognition, Navigation Control, Image Capturing during exams, live online monitoring during exams. Students cannot navigate to other browser windows on the computer. Also through the Image Capturing mechanism the movement of the student is monitored. Any student trying to change screens/ browser windows or making excessive body movements is issued warning first and even after the warning if the student continues, the exam is blocked and automatically submitted. The controller of examinations has access to Dashboard for examinations with reports. Answer sheet download facility is available. Allotment of online subjective answer sheet to Evaluators for evaluation can be done. The system can conduct objective questions/subjective questions / mix of both type of questions. For Online Programs: We have technology based assessments in form of remote proctoring assessment using Artificial Intelligence (AI). The controller of examination would have the access to the dashboard for examinations systems. The Proctor approves every candidate online by real time viewing the student online along with the registration/ id card, aadhar card of the student; before the student is allowed to proceed for examination. Invigilator receives candidate real time photograph and ID and matches with previous data set provided by the candidate during registration. After Invigilator approves a candidate his test will be activated on the desktop and candidates can start the exam. Candidate's video and active screen will be visible to invigilators. Each Physical Remote Proctor - Invigilator can monitor up to 40-50 candidates at one go. The student would need to complete the aadhar card verification process (OTP based) followed by technology based student online confirmation provided by invigilator stationed at university control centre before the assessment starts. The system would capture images of students every 2 minutes during the exam conduction and the central invigilators would be able to access their systems from the university control centre. Other security features like screen navigation, alerts and warning system are enabled during these assessments. Multiple Online Evaluators access can be created for evaluation through the system (Subjective Questions). Student Response Sheet for every student can be Downloaded by the Controller of Examinations.	Yes	1	Whether examination centre is within the territorial jurisdiction of the HEI as per Annexure IV of ODL Regulations	Yes
						2	Whether the examination centre is located as per clause 13 (7) of Part IV of Regulations	Yes
						3	Provision of CCTV Cameras	Yes
						4	Provision of Bio-metric attendance	Yes
						5	Provision of Video recording	Yes

Compliance

Compliance to specific provisions of UGC (ODL Programmes and Online Programmes) Regulations, 2020

The HEI undertakes to ensure all the provisions of the regulation and few specific provisions adherence to the following:

Learner Support Centre defined under these regulations will not be the Learner Support Centre for more than two Higher Educational Institutions at a time to offer programmes in Open and Distance Learning mode:-
Yes

Learner Support Centre will not be set up under a franchisee agreement in any case. :- Yes

Academic and instructional facilities at its Learner Support Centres for Open and Distance Learning mode, and information resources for online delivery of programmes meet all the conditions of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020 and guidelines issued from time to time. :-
Yes

Intake capacity under Open and Distance Learning mode for a programme under science discipline to be offered by HEI shall not be more than three times of the approved intake in conventional mode (in case of Dual Mode). :-
Yes

Learning enrolment under science discipline will commensurate with the capacity of the Learner Support Centres (for Open and Distance Learning only) to provide lab facilities to the admitted learners (for Open University). :-
Yes

Private University established under a State Act will be eligible to offer programmes under Open and Distance Learning mode through its Head Quarters. :- Yes

Academic and administrative staff has appointed as per University Grants Commission (Minimum Qualifications for Appointment of Teachers and other Academic Staff in the Universities and Colleges and other Measures for the Maintenance of Standards in Higher Education) Regulation, 2018. :-
Yes

Academic Staff mentioned in application are exclusively appointed for the proposed programmes. :- Yes

Examination Centres meet all the guidelines laid under Annexure II of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

Upload Affidavit as per the prescribed format :- View

Submission

It is hereby declared and affirmed that the Higher Educational Institution shall adheres to all the provisions mentioned under the UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020 including following Annexures

☑ Centre for Internal Quality Assurance (CIQA) in Annexure I

☑ Conduct of Examination and Minimum Standards for Examination Centres in Annexure II

☑ Territorial Jurisdiction and Regulating Provisions for Different Types of Higher Educational Institutions in Annexure III (For ODL Programmes)

☑ Human Resource and Infrastructural Requirements in Annexure-IV

☑ Guidelines on Programme Project Report (PPR) in Annexure-V

☑ Quality Assurance Guidelines of Learning Material in Multiple Media and Curriculum and Pedagogy in Annexure-VI

☑ Guidelines on Self-Learning Material and E-Learning Material in Annexure-VII

☑ Learner Support Centres in Annexure-VIII

☑ Assessment Criteria for Offering Online Programmes through Non-SWAYAM Learning

☑ Learning Platform in Annexure-IX (For ONLINE Programmes)

☑ Grievance Redress Mechanism in Annexure-X

   Further undertakes to ensure that the HEI shall display on its website a joint declaration by authorized signatories, Registrar and Director of Centre for Internal Quality Assurance, authenticating the documents uploaded on its   website, in compliance of regulation 9 of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

   The HEI hereby declare that the information given above and in the enclosed documents is true, correct and nothing material has been concealed therein. The Higher Educational Institution shall be solely responsible for any legal issues arising out of non-compliance of UGC (Open and Distance Learning Programmes and Online Programmes) Regulations, 2020.

   The HEI understand that in case information provided is found to be contrary to the fact, it would entail not only withdrawal of permission/recognition for such ODL courses but also for other courses offered by the institutions, on regular and conventional mode
